## **DETAILED ACTION**

### **Examiner's Amendment**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John A. Castellano on April 1, 2004.

2. The application has been amended as follows:

Claims 4 and 5, line 1, "according to claim 2" has been replaced with -- according to claim 3 --.

Claims 15 and 16, line 1, "according to claim 12" has been replaced with -- according to claim 13 --.

### **Reason For Allowance**

3. Following is an examiner's statement of reasons for allowance:

The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitations of the independent claim(s), in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claim 1, which include a combination of a projection system creating an image of the modulator on the workpiece, an electronic data processing and delivery system receiving a digital description of the pattern to be written, converting the pattern to modulator signals, and feeding the signals to the modulator, an electronic control

Art Unit: 2873

system controlling the position of the workpiece, the feeding of the signals to the modulator and the intensity of the radiation, so that the pattern is printed on the workpiece; and , means for rotating the coordinate system of the pattern to be created.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
